Date: October 22, 2020

JACKSON COUNTY, MI – The Jackson County Health Department has been working with Denny's at 2560 Airport Rd in Jackson to identify individuals at risk of exposure to COVID-19. If you were at Denny's any time October 13th to October 20th you should self-monitor for symptoms for 14 days from the possible exposure date. Symptoms may appear 2-14 days after exposure. Anyone experiencing one or more of these symptoms should immediately quarantine themselves and contact a medical provider:

- Fever. Take a temperature twice a day, AM and PM
- Coughing
- Headache
- Sore throat
- Runny nose or congestion
- Shortness of breath or trouble breathing
- Loss of taste or smell

Denny's has deep cleaned their facility in order to mitigate any further risk to their staff or patrons. Known close contacts of positive individuals are being contacted and instructed to quarantine for 14 days from their last day of exposure.

Jackson County Health Department Public Health Nurses will continue their investigation into the spread of COVID-19 and may contact you if you are identified as a close contact to those affected by the virus. With evidence of community spread, community mitigation strategies and restrictions are in place to slow the spread of the virus as much as possible. Please take every possible opportunity to practice prevention and social distancing.

For COVID-19 testing in Jackson County, you can contact the Henry Ford COVID-19 Patient Hotline at (517)205-6100, or the Center for Family Health Hotline at (517)748-5363. Please note, receiving a
